

Mapping Study by
Mellegård and
Reichenberg (2020)

```
graph TD; A[Mapping Study by Mellegård and Reichenberg (2020)] --> B[64 publications]; B --> C[12 not considered]; B --> D[52 publications]; D --> E[82 publications]; F[Literature study] --> E; D --> F;
```

The flowchart illustrates the selection process for a mapping study. It begins with a box labeled 'Mapping Study by Mellegård and Reichenberg (2020)'. An arrow points down to a box labeled '64 publications'. From this box, an arrow points right to a grey box labeled '12 not considered', and another arrow points down to a box labeled '52 publications'. From the '52 publications' box, an arrow points down to a box labeled '82 publications'. Additionally, an arrow points from the '52 publications' box to a box labeled 'Literature study', which then has an arrow pointing left to the '82 publications' box.

64 publications

12 not considered

52 publications

82 publications
