

Mapping Study by  
Mellegård and  
Reichenberg (2020)

```
graph TD; A[Mapping Study by Mellegård and Reichenberg (2020)] --> B[64 publications]; B --> C[13 not considered]; B --> D[51 publications]; D --> E[82 publications]; F[Literature study] --> E; D --> F;
```

The flowchart illustrates the selection process for a mapping study. It begins with a blue box at the top labeled 'Mapping Study by Mellegård and Reichenberg (2020)'. A downward arrow leads to a blue box labeled '64 publications'. From this box, a horizontal arrow points to a light gray box labeled '13 not considered'. A downward arrow from '64 publications' leads to another blue box labeled '51 publications'. From '51 publications', a downward arrow leads to a dark blue box labeled '82 publications'. A horizontal arrow points from '51 publications' to a dark blue box labeled 'Literature study'. A curved arrow then points from 'Literature study' down to the '82 publications' box.

64 publications

13 not considered

51 publications

82 publications

Literature study
