DISPLAY MAP

A map view showing a route (black line) with several LSA geometries highlighted in red and green. The route passes through or near streets labeled 'Neuwiedenthaler Str.' and 'Waltershofer Str.'. The highlighted segments are colored red and green, corresponding to the 'Matches' in the dataset creation process.

### Route Composer

Click on the LSA geometries to add them to this list. Check the item if you are sure that the geometry is fitting to the route.
